

# BIOTREMOLGY CONFERENCE

## Preliminary program

Plenary and keynote lectures, including

**Eileen Hebets**

University of Nebraska, Lincoln

**Damian Elias**

University of California, Berkeley

**Hannelore Hoch**

Museum für Naturkunde, Berlin

**Valerio Mazzoni**

Fondazione Edmund Mach, San Michele a/A

**Andrej Čokl**

National Institute of Biology, Ljubljana

**Piran, Slovenia,  
14-18 September 2020**

## Plus:

- more than 30 talks,
- poster session with flash talks,
- competition for the best student oral and poster presentation,
- workshops and round tables,
- excursion and other social events

**Registration starts  
in March 2020!**

In addition to the scientific program, we will enjoy a performance of bioacoustic music composed by Boštjan Perovšek and inspired by biotremological research. On September 19 there will also be a possibility to visit gallery Steklenik in Ljubljana ([www.steklenik.si/en](http://www.steklenik.si/en)) and join the opening event of exhibition 'Interweaving Soundscapes' prepared by Roland Mühlethaler from Studio Tomás Saraceno and Boštjan Perovšek, featuring interactions with live spiders.

**Local Organizer:** Meta Virant-Doberlet  
([meta.virant@nib.si](mailto:meta.virant@nib.si))

**Standing Scientific Committee:** Rex Cocroft, Andrej Čokl, Kasey Fowler-Finn, Matija Gogala, Jennifer Hamel, Peggy Hill, Hannelore Hoch, Valerio Mazzoni, Roland Mühlethaler, Meta Virant-Doberlet, Karen Warkentin, Andreas Wessel

**STAY TUNED!**
